**DETAILED ACTION**

***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-17, 22, 24-25, 27-28, 37-56, 61-62, and 70-78 drawn to a method an apparatus for loading a container.

Group II, claim(s) 1, 7, 18-21, 48, 57-60 drawn to a method an apparatus for loading a container with multiple leveler blades.

Group III, claims 1, 26, 31-36, 42, 63, 66-69 drawn to a method an apparatus for loading a container with a transfer/compacting pin.

Group IV, claims 1, 20-30, 42, 64-65 drawn to a method an apparatus for loading a container with a vacuum system.

Group V, claims 79-80, drawn to a compacted powder product.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group II has the special technical feature of multiple leveler blades. Group III has the special technical feature of a transfer/compacting pin. Group IV has the special technical feature of a vacuum system. Group V has the special technical feature of a product. None of groups I-V require the special technical features of any other group. Claims 1 and 42 are generic to groups I-IV. Claims 7 and 48 are generic to groups I and II.

2. A telephone call was made to Christopher Rogers on 3/23/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
